Your handwritten comments in response to the following questions will be returned to the instructor *after grades are turned in*. We encourage you to respond to all questions as thoughtfully and constructively as possible. Your comments will be used by the instructor to improve the course. However, you are not required to answer any questions.

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

Yes

What aspects of this class contributed most to your learning?

Very clear explanations and well organized time.  
Guiding us through processes without giving answers

What aspects of this class detracted from your learning?

Frustration at the professor's difficulty teaching the  
main course which overburdened section time and  
left the TA to re-teach or fill in holes rather than review.

What suggestions do you have for improving the class?

I think it was as good as it could have been given  
the volume of material to pack in and the limited time.

Please use the back of this sheet for any additional comments or to respond to additional questions. Thank you!

Was this class intellectually stimulating? Did it stretch your thinking? ☒ Yes ☐ No Why or why not?

Ryan's section was the best part of stats class. Coming to section allowed me to learn and follow along w/ course material bc instruction in lecture was so poor.

What aspects of this class contributed most to your learning?

Ryan is enthusiastic and it's clear he cares and wants to be here. He uses excellent real world examples to make concepts clear and speaks slowly and directly which allows me to understand. He is honest, kind, and funny and he made this class bearable. I fear how little I would understand about statistics if it weren't for Ryan's

What aspects of this class detracted from your learning?

teaching. He should have been the instructor for lecture → it would have been a much more positive experience. HUGE asset to Evans School

What suggestions do you have for improving the class?

Lowe Hall is way too far away  
Let us know what will be covered in advance  
Memo section was about study design, memo assignment asked to interpret findings → it was so difficult to do.

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

Very hard topics to grasp as someone completely new to stats (except for 527, of course). But, the examples given in QS were just perfect for grasping the material.

What aspects of this class contributed most to your learning?

Examples, examples, examples.  
and  
open discussion + making us interpret the data

What aspects of this class detracted from your learning?

Bit too fast when you seem to feel you have to cram.

What suggestions do you have for improving the class?

None really, great QS.

Was this class intellectually stimulating? Did it stretch your thinking? ☒ Yes ☐ No Why or why not?  
 I can totally see the usefulness of the material. If we could have more time to absorb, it will be better.

What aspects of this class contributed most to your learning?  
 This TA session really helps clarify + reinforce the material. Ryan is really the best TA I've ever had.

What aspects of this class detracted from your learning?  
 None, except the room is too far away! Given we have so much to cover & we had to run overtime. I often miss the first 15 minutes of my next class, I don't mind running overtime if I don't have another class.

What suggestions do you have for improving the class?

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes ☐ No Why or why not?

The quiz section for this course was great! I honestly took much more away from quiz section than the weekly lectures.

What aspects of this class contributed most to your learning?

Ryan's descriptions of topics was easy to understand and having him work through homework problems was very useful. It helped cement what we were learning in class.

What aspects of this class detracted from your learning?

Nothing in quiz section

What suggestions do you have for improving the class?

Nothing! Thanks to Ryan's sections I actually learned a great deal this quarter.

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

The way that you always use a different number or example to explain the homeworks is useful.  
I really appreciate your effort

What aspects of this class contributed most to your learning?

The concepts ~~are~~ are very clearly explained.  
The clarity of real world and statistic world is very helpful

Was this class intellectually stimulating? Did it stretch your thinking? ☒ Yes ☐ No Why or why not?

Solid content, useful for future study  
of stats/methods

What aspects of this class contributed most to your learning?

Reviewing concepts on the homeworks  
Being shown useful operations w/ STATA

What aspects of this class detracted from your learning?

Going over every homework question w/ regard to how  
much/if students wanted/needed help was occasionally  
a waste of time. May have been more useful to submit  
questions occasionally.

What suggestions do you have for improving the class?

Thanks for being a very useful source for  
clarification in an otherwise confusing class  
environment!

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

Definitely helped in my understanding of the content.

What aspects of this class contributed most to your learning?

The stata lessons/reviews were really helpful. Ryan was great at explaining things as well.

What aspects of this class detracted from your learning?

I'm not sure going over the homework before it was due was the smartest option. It definitely allowed me to wait until the last minute to do the homework.

What suggestions do you have for improving the class?

Have Ryan teach the overall class, not just section.

Was this class intellectually stimulating? Did it stretch your thinking? ☒ Yes ☐ No Why or why not?

Class material was challenging esp. in the 2nd part.  
I think some of the material wasn't always clearly explained at lecture & section helped decipher the rest.

What aspects of this class contributed most to your learning?

Class section extremely helpful & discussion board was excellent. Your class section really helped me understand what was needed.

What aspects of this class detracted from your learning?

The notes format  $\Rightarrow$  it was sometimes hard to follow in class where things were going. Also frustrating is the timing of material - the turn around being so short when a previous work hadn't been returned yet. (for feedback), Also the amount of corrections on the way i.e. the memo or data in class.

What suggestions do you have for improving the class?

I really liked the little video clip moments to space out the material.

Instructor Bodany i Course BBAP 528 Section C Date 06/03/13

Your handwritten comments in response to the following questions will be returned to the instructor *after grades are turned in*. We encourage you to respond to all questions as thoughtfully and constructively as possible. Your comments will be used by the instructor to improve the course. However, you are not required to answer any questions.

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

To the extent that running regressions can be stimulating, yes. He did a good job making the class applicable to real life.

What aspects of this class contributed most to your learning?

Review of the homework & discussion of class content.

What aspects of this class detracted from your learning?

None really.

What suggestions do you have for improving the class?

Make the sections an hr instead of 50 min. We were always rushed. Also, have Ryan teach the whole course, not just the quiz section. He is very competent.

We encourage you to respond to all questions as thoughtfully and constructively as possible. Your comments will be used by the instructor to improve the course. However, you are not required to answer any questions.

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

Loved this section 1/2 b/c of your presentation and  
casualness in teaching content and 1/2  
because of your eventful t-shirt collection!

What aspects of this class contributed most to your learning?

Because we didn't have time in class to learn the STATA  
commands, I found it very helpful to move through the  
framework with different data sets. I really  
appreciate all the extra help that has been  
available outside of class

What aspects of this class detracted from your learning?

When we ran out of time in class and you had  
to teach it in section instead of reinforcing  
material → this, of course, was beyond your  
control

What suggestions do you have for improving the class?

Perhaps doing less arithmetic when going through  
examples & spending more time on using  
STATA

Was this class intellectually stimulating? Did it stretch your thinking?

Yes ☒

No ☐

Why or why not?

Gave good explanations and explained in detail.

What aspects of this class contributed most to your learning?

Working with Stata

What aspects of this class detracted from your learning?

The gregariousness can be a bit too much at times.

What suggestions do you have for improving the class?

- More working and practice with Stata.
- More sessions on working with specific logit and LPM models

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

It was great learning how to use stata and to manipulate, estimate, and interpret regressions. Very useful for me in future research and application to other areas of interest.

What aspects of this class contributed most to your learning?

quiz section with Ryan was undeniably the most helpful part of class in terms of helping me actually be able to understand and apply concepts

What aspects of this class detracted from your learning?

the multiplicity of errors in the overheads and handouts  
never getting all the way through the lecture notes  
for quiz section:  
too much time spent working out basic algebra on the board

What suggestions do you have for improving the class?

proof read lecture notes; spend less time asking for answers to the easy questions no one wants to answer because they're easy  
let Ryan teach - the quiz section was fantastic
